April 2025

<b>Country – capital</b>	People's Republic of Bangladesh – Dhaka. <sup>1</sup>
<b>Population</b>	Total population 168.7 million (est. 2024). Ethnic groups: Bengali at least 99%, other indigenous ethnic groups 1% (2022 est.). <sup>2</sup>
<b>Geography</b>	Southern Asia, bordering the Bay of Bengal, between Myanmar and India. <sup>3</sup>
<b>Languages</b>	Bangla 98.8% (official, also known as Bengali), other 1.2% (2011 est.). <sup>4</sup>
<b>Writing system</b>	Persian (from right to left). <sup>5</sup>
<b>Education and literacy</b>	74.9% of adults is literate, females lower than males (72% and 77.8% resp. -2020). <sup>6</sup> The Bangladeshi education system is unusually complex: primary, secondary and higher/ tertiary education are oriented towards general, madrasah (religious) or technical/ vocational preferences. <sup>7</sup> Education is free and compulsory from 1 year pre-school until grade 8. <sup>8</sup> Primary education is 8 years, then 4 years of secondary school, divided into a lower and a higher level. Higher education has 3 streams: general (pure and applied science, arts, business, social science), madrasah, and technology education (agriculture, engineering, medical, textile, leather technology, and ICT). <sup>9</sup> Primary school enrolment starts nearly universal (girls even higher than boys), but in later years more children drop out due to poverty, disabilities and disasters; girls go to child marriage, boys to child labour. <sup>10</sup> Drop-out rate for primary school decreased from 39.8% (2010) to 13.9% (2021), for secondary school 36% general (41% girls). <sup>11</sup>
<b>Religions</b>	Muslim 91%, Hindu 8%, other 1% (2022 est.) <sup>12</sup>
<b>Conflict history and overview</b>	Bangladesh (formerly East Pakistan) was created in 1971, when the two parts of Pakistan split after a bitter war with neighbouring India. Bangladesh lived 15 years under military rule and, although democracy was restored in 1990, the political scene is volatile. <sup>13</sup> In 1971 one of the poorest countries in the world, it has seen economic growth in the past decades, at an annual average of about 6.25% <sup>14</sup> , and by 2015 had reached lower-middle income status. <sup>15</sup> Bangladesh is the sixth-largest migrant sending country in the world, more than 7.4 million migrants (4.4 % of the population). Most migrants pursue regular, temporary and lower-skilled labour in Gulf countries. More recently, irregular migration to Europe has increased, through Libya via the Mediterranean to Italy. The EU considers Bangladesh a safe country. <sup>16</sup>
<b>Humanitarian situation</b>	Life expectancy at birth: 75.2 yrs (2024). <sup>17</sup> Poverty declined from 12% (2010) to 5% in 2022. Population below poverty line: 18.7% (2022). <sup>18</sup> In recent years population growth was reduced, health and education improved. <sup>19</sup> In 2023, cyclones destroyed thousands of houses and displaced over 50,000 people, incl. Rohingya refugees. <sup>20</sup>
<b>Human rights situation</b>	The government cracked down on the rights to freedom of expression and peaceful assembly ahead of general elections scheduled for January 2024. <sup>21</sup> Under the Cyber Security Act 2023, journalists and human rights defenders are targeted and subjected to arbitrary detention and torture. Mass arrests of opposition members with excessive force. <sup>22</sup> There are increasing reports of enforced disappearances, torture in custody, and impunity. <sup>23</sup> Bangladesh hosts nearly 1 million Rohingya refugees from Myanmar amid rising violence by armed groups and serious donor funding shortages. <sup>24</sup> Refugees suffered from a fire in a camp and a cyclone as well as food insecurity. Bangladesh's delta is extremely vulnerable to impacts of climate change. <sup>25</sup>
<b>Situation of women</b> <b>FGM – early marriages</b>	Maternal mortality rate: 123 deaths per 100,000 live births (2020). <sup>26</sup> Child marriages: 51% of girls marry before age 18 and 16% before age 15. <sup>27</sup> In 2017 child marriage for girls under 18 was legalised, without a minimum age. <sup>28</sup> FGM: no evidence. <sup>29</sup>
<b>Situation of LGBTI</b>	Consensual same-sex conduct is criminalized, and LGBT people face harassment and violence with little protection from the police. While Bangladesh has taken important steps toward protecting <i>hijras</i> ("third gender"), authorities force them to undergo abusive medical examinations to legally recognize their gender identity. <sup>30</sup>
<b>Internally displaced persons (IDPs)/ Asylum/ migration in Malta</b>	IDPs within Bangladesh: 426,000 (2023). <sup>31</sup> Number of asylum applications in the EU: 43,236 (2024); 96% was rejected. <sup>32</sup> Malta sea arrivals: 234 (2023), 148 (2024). <sup>33</sup> Bengali asylum applications in Malta: 188 (2021), 174 (2022), 13 (2023), 11 (2024). <sup>34</sup>
